

2nd Round of Panel-Selected Presenters

In Session 4, the Panel selected its second batch of presenters.

Here's how it worked: In small groups, the Panel identified gaps in the information and viewpoints heard so far. Using the Menu of Presenters and the Panel's deliberations in Session 3 as guides, each group identified three potential presenters to nominate – folks who might help fill the gaps identified. Then, the full Panel heard from each small group and discussed additional reasons why nominees should be selected. After duplicates were removed, each Panelist selected their top-three most important nominees to call before the Panel.

The list below is sorted by the number of votes received from Panelists, with that number appearing in parentheses. Ties were broken by a random number generator. These potential presenters will be contacted in the order they appear on this list and will be scheduled to appear before the Panel on the earliest date they are available.
