Part L: Finalizing Recommendations

#	Block	Start	Duration	Seating
L1	Review & Refinement of Voting Results The Assembly reviews the results of the vote just before lunch – that is, the first draft of its final recommendation. Together, Delegates identify duplication, points of conflict, and other areas that require editing and/or deliberation. If particular issues are raised that need additional attention, small groups may be spun off during the next block – or issues may continue to be addressed in the plenary if desired by the Assembly.	12:45 PM	35m	
L2	Small Group Work Time (As Needed) Delegates break into small groups, as needed, to finalize their recommendation. Small group topics may include areas of final deliberation, editing/grammar, and minority reports.	1:20 PM	45m	
L3	Final Discussion Delegates discuss their views on the potential recommendations and propose any final revisions.	2:05 PM	30m	
L4	Final Voting Delegates vote on their level of support for the final recommendation (and any minority reports). The levels of support (strongly agree, somewhat agree, neutral/don't care, disagree) will be included in the final report.	2:35 PM	10m
