#	Principle Text
1	Develope guidelines for encouraging and promoting cohesive and resilient families.
2	Housing itself (such as shelter) should not be considered a home. Youth need a home that provides individuality and stability.
3	Recommendations should be actionable and measurable. It can be directed to a single entity.
4	The solution works to impower the youth and preserve their atonomy.
5	Be inclusive when making guidelines and recommendations taking care to not leave out individuals that don't fall within the main group(s) of our focus.
6	Education is a pillar of community health.
7	Expands on the most successful program(s). Homeless solutions from other communities/cities based on proven concepts.
8	Houses are meant to be lived in as a commodity & not an asset
9	Increase accessibility of safe affordable homes
10	Will make it easier for youth to access resources, and will not reduce access
	Reduce restrictions on funding while maintaining transparency + accountability
12	Solutions need to serve current local residents, be sustainable, and promote holistic health of all community members intergenerationally
13	Pillars of community health should be identified
14	Foster awareness + utilization of resources to the public
15	Youth should be involved in policy making decisions
16	More education + training for adults who are in contact with unhoused youth
17	More education about youth homelessness is needed for the general public.
18	Reduce youth homelessness using a holsitic approach to mitigate causes on multiple fronts
19	Cultivate empowerment for long-term independence
20	Prioritize family conflict resolution + and skill building as prevention and solutions
21	Identify risk factors for youth homelessness.
22	Creating proposals that have maximum impact on youth homlessness issues.
23	Communication styles between generations to decrease family conflict
24	Prioritize novel and sustainable funding.
25	The recommendation does not require a policy change in an area which is too politically controversial to be feasible. Examples: tax policy.
	Foster community awareness + involvement
27	Link housing & education
28	Efforts to end youth homelessness should focus on long term solutions that build independence
	Be preventative in policy
	Increase accessibility for youth to go to and stay in school
31	Eliminate youth homelessness.
