

Typo Subcommittee Role

After you have almost finalized your Recommendations, there will be time to conduct a final review to make sure that it is clear and readable. To do this, we will ask for 4-6 detail-oriented Delegates to volunteer for a Typo Committee.

The Typo Committee will review the Recommendations and propose minor changes:

- Spell out abbreviations and acronyms,
- Check for consistency of word usage, and
- Check for spelling and grammatical errors.

Important: The Typo Committee cannot make word changes that would change the meaning or substance of any part of the statement.

After the Typo Committee has done its work, it will report back on a list of proposed changes to the full Assembly. If everyone in the Assembly accepts a recommendation, it will be changed. If everyone does not agree, amendments can be accepted, and a >50% vote will be taken if necessary.
